## **Activities**

**Hiking:** 3 to 8 miles per hike, easy to challenging terrain

**Biking:** 6 to 25 miles per ride, easy to moderate terrain

**Kayaking:** Protected coves and inlets, no experience necessary

**Boating:** Interpretive small ship wildlife cruise with captain and crew

**Discovery:** Alaska is a land of diversity...known for its rich history, geographic wonders, incredible wildlife and challenges and opportunities of today... (and that as they say is just the "Tip of the Iceberg"). Learn about the wildlife recovery efforts put forth after the largest oil spill in this country's history at the Alaska SeaLife Center. Understand how glaciers formed Alaska's unique topography and the "story" behind the scenes regarding the effects of global warming. As you pedal into the town of Hope, try to guess how this tiny mining community came to receive its name (it's probably not what you think!) Visit the bustling seaport of Seward and witness fisherman (both sport and commercial) as they come ashore with the day's catch.

With any luck you will see for yourself the difference between a Black and a Grizzly Bear. Is a Killer Whale really a killer? That is just the beginning, there is so much more to this place they call the Land of the Midnight Sun.

Austin Adventures guides are experienced facilitators and regional experts. They will take the time to explain the details of each activity, answer any questions, and demonstrate the use of all equipment. Each activity has been carefully planned to include options for all levels. Most importantly, your guides will help you select the distance that's right for you.
